EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David L. Tarnoff on 5/15/2006.

The application has been amended as follows:

Claim 4: at the end of a claim after "displayed map image" insert –; the control unit being further configured to display the distant map name on the display unit in a peripheral part of the display unit—

Claim 5: (Cancelled).

Claim 15: line 15, after "a destination" delete "etc.", and at the end of a claim after "current displayed map image" insert –; the control unit being further configured to display the distant map name on the display unit in a peripheral part of the display unit—

Claim 16: (Cancelled).

2. The following is an examiner's statement of reasons for allowance: The present invention is directed to a map image display device. Each independent claim identifies the uniquely distinct features "a control unit operatively coupled to the display unit to display a current displayed map image with at least one user selectable distant map name on the display unit in a peripheral part of the display unit that corresponds to a relative direction of the distant location relative to a center point of the current displayed map image" in combination with the manner

claimed. The closest prior arts Koizumi US 6,462,676, Tanaka et al. US 6,477,461 and Morimoto et al. US 5,821,880 disclose similarly inventions, however, they fail to teach the specific distinction limitations as described above, therefore, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
